Qualifications: Why do you believe you would be a good Director?

I believe I would be a good Director because of my previous experiences in the Nuclear power field as a Reactor Operator & foreman. Also my experience as a manager / assistant manager of Premier Tech & The Sun Kings. I am confident that I can represent all the members of ESSL in a fair, reasonable & honest way when making decisions. I will also listen to any member of ESSL that has a thought as to how to make this great league of guys better. There are many issues out there that I think I could help clarify and make the league a better league.

Thanks

*Tom Hetzer*

P.S. I'm not very good at writing this stuff sorry
